The Center for Disease Control has identified that certain individuals are at higher risk of severe illness if they become ill with COVID-

19. This includes those who have chronic lung disease, moderate/severe asthma, a serious heart condition, are immunocompromised, or have severe obesity, diabetes, or chronic kidney/liver disease or who are over the age of 65. Based on the CDC's High-Risk criteria, please acknowledge your understanding and willingness to accept this risk and release Young Life from any and all liability should you or your child become ill during any part of this Event.

For more information on COVID-19 including symptoms, preventive measures and information on individuals who are at increased risk, please visit <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

TRANSPORTATION AGREEMENT:

The CDC and several States have recommended that youth events and activities, including camps, consider "creating social distance between individuals in motor vehicles (cars, vans, and busses)". The CDC and several States have further recommended that youth events and activities, including camps "keep individuals/campers together in small groups with dedicated staff and make sure they remain with the same group throughout the day, every day". Young Life acknowledges that transportation to and from youth events, activities and camp, can be challenging for families who desire for their kids to attend. While Young Life will make every effort to provide opportunities for individuals to socially distance, and/or wear face coverings while at these events, individuals will likely have regular interaction with other individuals in their cabin (small group), much like they would with other members in their "household". Young Life may offer to coordinate travel to and from events, activities and camp, with individuals from the same cabin (small group) in vehicles where passengers may be seated less than 6ft apart. Notwithstanding, Young Life may also take other reasonable precautions which may include cleaning and disinfecting vehicles, asking passengers to wear face coverings, etc. I acknowledge my understanding of the fact that my child may be transported in a vehicle which does not maintain at least 6ft of physical distance to and from Young Life events, activities and camp. I further release Young Life, its corporate affiliates, contractors, vendors, officers, agents, sponsors, volunteers or representatives from any and all liability which might result from my child becoming ill or infected with any type of contagious disease as a result of the transportation by Young Life of my child to and from these events.

_____ I agree

_____ I do not agree, I acknowledge that I will be responsible for providing transportation for my child to and from this Young Life Event.
